Disciplinary Information

This section describes certain legal or disciplinary events that may be material to your evaluation of the Investment Professional, generally within the last ten years (e.g., certain findings by regulators in administrative proceedings, customer disputes, and criminal charges). Investment Professionals are required to comply with all applicable rules and regulations. They are also subject to internal policies and procedures under which they commit to working with integrity and high ethical standards at Morgan Stanley. However, Investment Professionals may have been subject to legal or disciplinary events and certain types of these events are disclosed in this section.

These disclosures are generally based on entries in the Financial Industry Regulatory Authority's ("FINRA") Central Registration Depository ("CRD"), which are in turn based on filings made by Morgan Stanley or others. Before reaching a conclusion regarding any of the information in this section, you should ask the Investment Professional or his or her supervisor (see Supervision below) to clarify the specific event(s) listed, or to provide a response to any questions you may have. You may also call (800) 223-2440 for more information.

Disclosure details may be reported by more than one source (e.g., regulator, employer, or Investment Professional). When this occurs, all versions of the event appear in this brochure supplement. Also, some of the specific data fields in these disclosures may be blank if the information was not provided to the CRD.

No material legal or disciplinary events to disclose.

Other Business Activities

This section provides information on businesses or occupations in which the Investment Professional is involved, including registrations and other business interests. It also describes the type of compensation received by Investment Professionals.

Investment-Related Businesses

Morgan Stanley is a registered broker-dealer. The Investment Professional is a registered representative of Morgan Stanley (in its capacity as a broker-dealer). Morgan Stanley is also a registered investment adviser. Morgan Stanley is qualified to offer you not only investment advisory products and services through advisory accounts, but also various other investment products and services through brokerage accounts.

Compensation for Investment Professionals

The Investment Professional may be eligible for additional incentive compensation above his or her base salary. Incentive compensation is discretionary but is determined based on a range of factors including the Investment Professional's individual performance. Regardless of individual performance, Morgan Stanley management may award reduced incentive compensation or no incentive compensation at all if, for example, the Investment Professional did not meaningfully contribute to the bottom-line result or market conditions dictate a reduction in incentive compensation. Incentive compensation may be paid in the form of cash or equity, consistent with various Morgan Stanley compensation programs.

Other Business Activities

The Investment Professional may also be involved in other business activities. Any activities listed below have been approved by Morgan Stanley managers and may involve a substantial source of the Investment Professional's income or involve a substantial amount of the Investment Professional's time. Approval for these activities is granted only after managers consider, among other things, whether the activity would create an actual or potential conflict of interest, whether the time and effort involved may compromise the Investment Professional's ability to perform his or her job, and whether the activity is likely to evolve from an acceptable activity to an unacceptable one.

These disclosures are generally based on entries in FINRA's CRD, which are in turn based on filings made by Morgan Stanley or others. Some of these disclosures may relate to activities in which the Investment Professional no longer engages.
